VOLA Waterfall Shower and Kneipp Hose  
Sleekly Therapeutic. Visibly VOLA.

VOLA Waterfall Shower finished in brushed stainless steel, shown with VOLA Kneipp Hose finished in white with brushed stainless steel end pieces

### VOLA new spa products

The luxury private bathroom, hotel spa or sauna should be an oasis of tranquillity. An escape from worldly matters. A place to rejuvenate the body, and allow the mind to empty and the soul to meditate.

Into this environment of total relaxation and wellbeing, VOLA has introduced two new therapeutic products: the Kneipp Hose 070W and the Waterfall Shower 080W.

Both reflect the continuity of VOLA classic designs. Both illustrate the innovation for which VOLA is sought after by leading architects and designers across the globe.

The Kneipp Hose and Waterfall Shower are designed for use as part of a holistic sauna experience. Both provide soothing flows of cold water to calm the mind and awaken the body.

VOLA Waterfall Shower finished  
in brushed stainless steel

### Refreshingly VOLA: the Waterfall Shower

The Waterfall Shower 080W has been conceived as an essential ingredient in a restorative spa experience. Once the sauna has warmed and relaxed the body, the refreshing effect of the cold shower that follows is of equal importance. Together they create the balance that leads to ultimate relaxation and mindfulness.

Available in polished chrome, brushed chrome, natural brass, brushed stainless steel and 14 different colours, the Waterfall Shower provides a smooth ribbon of fresh cold water. This gentle but steady cascade helps the bather to cool off rapidly. It invigorates the system and contracts the dilated blood vessels.

VOLA Waterfall Shower  
finished in polished chrome

#### **Innovation and asymmetry**

True to VOLA classic geometric designs, the Waterfall Shower is based on simple, understated cylindrical shapes.

Its innovative form creates an asymmetric balance between the inlet cylinder from the wall and the outlet cylinder from which the water flows. Neither is central. The combination is both sophisticated and visually dynamic.

Echoing VOLA timeless design principles, the Polymer gasket that controls the water flow is drawn back into the aperture, creating a clean edge and focusing the eye on the sleek and rounded forms.

### Therapeutically VOLA: the Kneipp Hose

The Kneipp Hose 070W complements the elegant Waterfall Shower perfectly. In combination, they present an aesthetically harmonious addition to any spa environment – whether in the private home or in the sumptuous surroundings of a first class hotel.

Designed using the same cylindrical forms, the wall fixture and hose aperture end pieces sit parallel when not in use – creating a pleasing symmetry with the adjacent taps. Available in polished chrome, brushed chrome, natural brass, brushed stainless steel and 14 different colours, they exactly match the Waterfall Shower finishes.

The design of the Kneipp Hose also reflects that of the Round Series hand shower T60, though with a larger hose diameter and simpler end piece.

The Kneipp Hose itself is white – in keeping with a naturally pure spa atmosphere.

VOLA Kneipp Hose in white finished with polished chrome end pieces

VOLA Waterfall Shower finished in brushed stainless steel, shown with VOLA Kneipp Hose finished in white with brushed stainless steel end pieces

### Gentleness and wellbeing

With the Kneipp Hose, VOLA has created an essential element for effective hydrotherapy in a spa environment.

The 22 mm hose aperture produces a generous but soft current of cold water that is immediately cooling on the skin. Enveloping the bather like a fresh mountain stream, it soothes the mind and energises the system.

For therapeutic effectiveness, the hose is guided from the peripheral parts of the body inwards towards the heart. For example, the flow may

be directed onto one leg and then guided laterally upwards to the centre of the torso. Kneipp hydrotherapy regulates blood pressure and enhances circulation. It also encourages cell regeneration and strengthens the immune system.

To its long history of stylish, innovative and effective designs, VOLA has now added two spa products that exemplify the quality, craftsmanship and consistency for which it is known. Two products to grace any luxury bathroom retreat – where quietness and meditation combine with ultimate physical wellbeing.

### **VOLA innovation: a long tradition**

At VOLA we take pride in the continuity of our design language. But we also celebrate novelty and innovation with each new product. More than 45 years since the first VOLA tap was born, our designs are still receiving recognition from the industry.

### **Here is a selection of our recent accolades:**

- GERMAN DESIGN AWARD 2015  
(German Design Council) - for the hands-free soap dispenser RS10
- INTERIOR INNOVATION AWARD 2014  
(German Design Council) - for the hands-free soap dispenser RS10
- GERMAN DESIGN AWARD 2014  
(German Design Council) - for the Round-head shower 060
- GOOD DESIGN AWARD 2013  
(The Chicago Athenaeum: Museum of Architecture and Design) - for the Round-head shower 060
- PLUS X AWARD – Best Product of the Year 2011  
in its category/seals of approval in Innovation, Design and Functionality - for the Round Series
- GOOD DESIGN AWARD 2009  
(The Chicago Athenaeum: Museum of Architecture and Design) - for the towel warmer T39, and the free-standing shower FS3
- GOOD DESIGN AWARD 2007  
(The Chicago Athenaeum: Museum of Architecture and Design) - for the free-standing bath filler FS1

As with all our products, we offer easily accessible after-sales service and support from our professionals, each of whom has been trained at our dedicated VOLA Academy or by our local representative.
